

**T-INA Darling** is the Empress of Berlin Swing! From here she conquers the hearts of dancers all over the world. Her feeling for all styles of Afro-American music from Swing, Jive, Boogie, R&B, Western Swing, Gospel and Blues, over Hip Hop, House and Ragga, to Dubstep and Breakbeat helped her to introduce this Sound to a young audience that is used to dance to contemporary electronic music.

## **Background**

T-INA Darling performed in clubs as well as at major art events. Because of T-INA Darling’s wide range of interests in music and art her self organised events are bringing together a diverse crowd. Like this she is fulfilling her fantasies of extending the boundaries of urban electronic club scenes. T-INA has lived and worked as a DJ in Hamburg, New York, Istanbul, London and since 1996, Berlin. She has spun from Russia to the U.S.A. and loves breaking cultural boundaries with her electrifying, swingin’ dancefloor sets.
